We've got all your Alpha needs covered

An exciting new innovation from Alpha - get in touch if you would like more info.

WELCOME to the next generation of tubular motors.

Alpha new "Going Green" product range.

Alpha's next generation of Obstacle Detection zip motors. Alpha is "Going Green" with the **WSERD50-T 20/17 OD** zip motor.

A fast, quiet motor that uses less electricity, with a long thermal overload cut-out time, so it won't overheat after a few cycles. Reliable Obstacle Detection on the way down, and tensioning on the way up.

- Obstacle detection
- Fabric tensoning
- Quiet operation
- 3 selectable speeds
- Long thermal overload
- Low power consumption

The choice is ALPHA *Anything else is a compromise*
