The R&T Review

YOU WANT IT, WE'VE GOT YOU COVERED...

Black acrylic canvas - still the leading choice

Regardless of fashion trends and the popularity of greys, black acrylic canvas outstrips all others in popularity. That is why we offer so many choices - Coated or Uncoated, Plain or Textured, Narrow width or Wide Width.

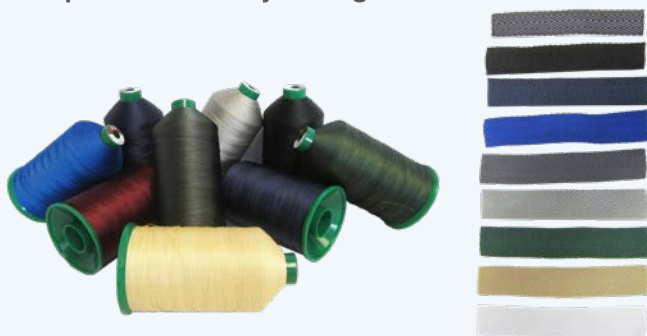

The shelves are full of all the options.

And if by chance your customer wants a non-black option, we have plenty of other colours to choose from.

Plus we have Webtex® Polypropylene Binding and Coats Dabond 92 Polyester to complement our acrylic range.

Toptarp® Ripstop

Top Tarp Ripstop the Premier heavy weight reinforced ripstop PVC is used primarily for transport covers. However the versatility of Top Tarp Ripstop means that it's uses are not limited exclusively to transport covers. Other applications such as gear bags, impact pads, sports equipment, dive bags, and hire tarpaulins show the versatility of this Premier product.

• Available in 10 colours.
