Simson ISR 70-03

A high quality elastic sealant / adhesive based on Silyl Modified Polymers (SMP). It is suitable as adhesive or sealant for structures in industrial applications requiring high strength.

Simson ISR 70-03 has excellent resistance to UV, weather and temperature and is free of solvents, isocyanates and silicone. It exhibits excellent adhesion performance on a wide variety of substrates (minimal or no pretreatment necessary) and can be overpainted with common industrial paints.

Simson ISR 70-03 used with the Dual SMP® technology, guarantees an increased and controlled cure speed and reliability in the production process and extends the application possibilities.

Available in Black, Grey and White in both 600ml sausage and 290ml cartridge.
