[www.retwine.co.nz](http://www.retwine.co.nz)

R&T –The ITES Division has aligned itself with key local & international manufacturers and suppliers bringing innovative product ranges to support the Industrial and engineering hardware sectors. Industry specific locks, hinges, seals, catches, fasteners, seating, ventilation and rubber products are mainstays of the range.

R&T Outdoor Concepts are bringing your outdoor living ideas to reality. We are proud agents of Llaza, a European designed range of aesthetically pleasing Awnings, Roof systems and Vertical Blinds.

To complete our range we have a great selection of colours of Vistaweave Screen mesh and Recasens Acrylic Canvas plus our ReClear range of clear PVC.

R&T Progressive Textiles encompasses a number of highly recognisable international brands alongside local and in house brands.

The division supports the marine & motor trimming, equestrian, horticulture, upholstery and canvas fabrication sectors. A comprehensive array of fasteners, fittings and accessories are also available.

## HISTORY

Reid and Twiname Limited was founded in 1924 as an importer of motor body hardware for the horse & coach, trucking, bus & automotive industries.

The company grew around a range of seat cover fabrics, motor car toppings & leather upholstery fabrics to become a major supplier to the OE & after market in the 1950's. It expanded into canvas & outdoor textiles in the 1970's.

The present owners purchased the business in 1990, grew the business alongside other interests for 10 years then merged all the operations in 2000; expanding further into the marine & outdoor textile market to turn the company into the leader that it is today.

## ACTIVITY

R&T is New Zealand's foremost importer & distributor in motor body hardware, automotive, marine & outdoor textiles. We have a range of over 2,000 SKUs from eyelets & washers, through all the fittings & fabric accessories for trucks, buses & cars, to canvas, PVC and outdoor textiles for homes, farms, boats, animals, recreation & industry. R&T has over 1,000 active customers in any one month, with an average 150 dispatches a day. Its' customers are auto, marine & furniture upholsterers, bus, coach, truck & recreational vehicle manufacturers, horse rug manufacturers, clothing & industrial manufacturers and outdoor textile manufacturers like awnings, tarpaulin, shade, canvas & horticultural fabricators.

## BUSINESS PHILOSOPHY

R&T's core beliefs are around transparency & honesty; working with like-minded customers & suppliers, growing reputable, ethical & sustainable businesses. It has embraced the digital business environment and strives to brand itself as providing unbeatable customer service.

## COMPANY STRUCTURE

R&T's head office & principal warehouse is in the central Auckland industrial suburb of Mt Wellington, It has a branch operation in Sockburn, Christchurch. The company is the most substantial in the industry and employs between 24 & 28 people, has 6 area managers on the road supported by 5 customer service personnel in Auckland & Christchurch. It has the largest operating facilities of any in the industry & in 2012 relocated to its larger warehouse in Auckland. Grant Stewart was appointed Managing Director early in 2012, & Dennis Thorn retains his shareholding and directorship. Pat Hales is Operations Manager & Bernard Rooza, Finance & Administration Manager. Kane Pottinger manages the South Island branch and Aaron Brereton is the National Sales Manager.

## OPERATIONS

R&T imports its range of products from all around the world as well as trading in locally sourced accessories & trims. It has supply arrangements with over 300 suppliers & manufacturers representing some of the trade's foremost brands. Companies like Spal, GRAMMER, Happich, Albert Jagger, Camira, Kalori, Achilles, Recasens, Llaza, Bradmill & Velcro. These company's products are run alongside a large range of house brands in the automotive & marine fabric & outdoor textile sectors that have over the years become the first choice in the industry. R&T has a 30,000 square foot facility in Auckland & a 10,000 square foot facility in Christchurch, making it one of the largest in the sector, by some measure. Its import & shipping service providers are the best available, giving R&T a competitive edge. Shipping to New Zealand is worry free with minimal restraints to trade. R&T is a 100% New Zealand owned private company with substantial private backing.

## Ados F92 Sprayable Adhesive 20L

ADA92C

- This clear adhesive is formulated to offer very controlled spraying with air driven spray equipment. It is a low viscosity product which gives a fine glue line. Coverage 4-8 sqm per litre, both surfaces. When sprayed it generates virtually no mist, so no airborne waste and very little vapour.
- It has exceptional performance, superior bond strength and will bond most materials to each other or other substrates.

## Ados F38 Adhesive Clear

ADAA12\_ \_

- High temperature, short tack adhesive. Especially suited for areas where high temperatures are encountered, such as those exposed to direct sunlight, as well as heater and cooking surrounds. Covering 3-5 sqm per litre.
- Widely used by formica laminators, motor trimmers and insulation installers.

### Products in the range

ADAA1201 1 Litre

ADAA1204 4 Litre

ADAA1220 20 Litre

## Ados F55 General Purpose Sprayable 20L

ADAS\_ \_

- Sprayable, long tack contact adhesive. Specifically developed for commercial contractors, it is ideal for bonding large areas. Coverage 4 - 6m<sup>2</sup> per litre bond area
- Bonds most materials to each other or other substrates with the exception of PVC.

### Products in the range

ADASR 20 Litre Red

ADASC 20 Litre Clear

## Ados F2 Adhesive

ADAF2L\_ \_

- A high performance general purpose contact adhesive. It is water resistant and flexible and its high bond strength makes it ideal for a wide range of uses. It is easily applied, durable and bonds instantly to most substrates. Coverage 4sqm per litre.
- Suitable for use on polyurethane foam, metals, pinex tiles, veneer, benchtop laminates, plaster, concrete, fibreglass, particle boards, timber, carpets, cork, plastics, cardboard, fabrics, leather, weatherseals, some cloth-backed vinyls.

### Products in the range

ADAF2L01 1 Litre

ADAF2A575 575ml Aerosol

## Bostik® 555 Sprayable

ADB555\_ \_

- General purpose/laminating adhesive that can be applied by brush, roller or spray.
- Coverage: 2 - 5 m<sup>2</sup>/litre of bonded area dependent on surface porosity and application method
- Versatile adhesive which can be used to give high quality bonds to most common building substrates and general laminating operations.
- Plywood, galvanized and other metal sheets, wood veneer, PVC flooring, internal bracing and honey-comb stuffing, Gib-board etc. Ideally suited for bonding decorative laminates such as Formica, Laminex etc. to partical board surfaces.

### Products in the range

ADB555N 20 Litre Natural

## Bostik® 1181 General Purpose Adhesive

ADB1181\_ \_

- Trim and general purpose adhesive. Has long open tack time coupled with moderately high heat resistance and excellent bond strength.
- Coverage 4 m<sup>2</sup>/L depending on surface and application method. Absorbent surfaces may need two coats.
- Suitable for use on rubber/metal, foam, leather, rubber resin, soling compounds and cotton backed PVC. Does not stain light coloured cotton backed PVC under influence of UV light, and is therefore suited for motor trim work. Adhesive is not designed to bond unsupported PVC.

### Products in the range

ADB1181B01 1 Litre Brushable Natural

ADB1181B20 20 Litre Brushable Natural

ADB1181S20 20 Litre Sprayable Natural

## Bostik® Unigrip 999 HR

ADBUG\_ \_

- Heat activated, high strength PVC adhesive. Suitable for use on PVC inflatable boats, truck sidings and tarpaulins, and general PVC use.
- Easily brushable, Unigrip 999 has low odour (ketone solvents used) and is specially stabilized against excessive and early yellowing and staining due to sunlight.

### Products in the range

ADBUG01 1 Litre

ADBUG04 4 Litre

## Bostik® EPDM Adhesive 500ml

ADBEPDM5

- EPDM adhesive is a one part synthetic polymer based adhesive specially formulated for bonding EPDM rubber membrane to itself and other common building materials such as plywood, concrete metal etc.
- When applied correctly the resultant bonds exhibit exceptional strength and are resistant to heat, water and outdoor exposure.

## Bostik® Aerosol High Performance Adhesive 482 grams

ADBAHP

- High performance fast tack aerosol adhesive.
- Creates permanent or temporary bonds and is suitable for use in attaching carpet, door skins, and fabric in van conversions.
- Also bonds swimming pool liners, paper, cardboard, fabric, urethane foam, foil, metal, wood and various plastics. Useful for installing insulation, label applications, and permanently affixing name plates.

## Ados UHS Aerosol Adhesive 550ml

ADAUHS550

- An ultra high strength contact adhesive which gives an immediate and permanent bond on a variety of surfaces. It is formulated to give low soak, cure fast, dry clear and be non-staining.
- It has high heat resistance and is suitable on porous and non-porous surfaces making it ideal for a wide variety of applications, where permanent, high strength bonds are essential.
- Ados UHS uses a unique resin system making it resistant to breakdown from plasticiser migration. The UHS aerosol is fitted with a variable nozzle, which allows controlled accurate spraying.

## Bostik® Glue Sticks Hot Melt

ADBG\_ \_

- For use with an electric glue gun. Clear flexible glue that bonds instantly with no fumes or solvents.
- Designed for bonding plastics, polystyrene and polyurethane foam products, metal, paper, wood, ceramics, leather and fabric.

### Products in the range

ADBG 10 pack

ADBG15 15kg carton

## Bostik® Solvent No.2

ADBSN2\_ \_

- Aromatic solvent for clean-up & dilution of Neoprene adhesive. Can also be used for surface cleaning prior to bonding on surfaces which will not be attacked by the solvent.

### Products in the range

ADBSN204 4 Litre

ADBSN220 20 Litre

## Bostik® Solvent No.4

ADBSN4\_ \_

- Strong, thinning solvent. Used to thin or reactivate urethane- or nitrile-based adhesives. Also used to remove dried adhesives from a variety of surfaces and to clean PVC prior to cementing with adhesives.

### Products in the range

ADBSN401 1 Litre

ADBSN404 4 Litre

## Ados Solvent N

ADANL\_ \_

- General purpose solvent, cleaner and thinner.
- Can be used as a thinner with F2, F22, F38 and F55 adhesives, as well as for pre-wiping surfaces, softening flooring adhesives, and cleaning down shower units and other surfaces like PVC pipes and fittings.
- Can also be used as a general purpose cleaner of brushes, materials and equipment contaminated by neoprene adhesives

### Products in the range

ADANL01 1 Litre

ADANL04 4 Litre

ADANL20 20 Litre (Indent)

## Ados Stuff Off Adhesive & Paint Remover

ADASO

- A powerful remover that is designed to soften or dissolve most adhesives and paints as well as uncured laminating resins and uncured sealants.
- The gel formula clings to the surface making it also ideal for vertical applications. It also removes paint spills, graffiti, inks and grease.
- 500ml.

## Llaza Atika Retractable Pergola

Designed and manufactured in Spain the ATIKA range of retractable pergolas are made of high strength aluminium and steel.

Complemented with RECASENS fabric for the roof, it offers the best combination against the weather and the passage of time.

- Adjustable feet allow the pergola to be levelled on the ground
- Versatility and optimisation of profiles
- Concealed guide brackets, providing a high-quality finish
- Greater flexibility and ease of operation in aligning the guide runners
- Rainwater drainage at the front and side pillars
- LED lighting along the entire length of the profile
- Large modules with a width up to 5m and a projection of up to 7.5m
- New cellular polycarbonate weather cover profile for improved aesthetics and noise reduction.

Reinforced rails 150mm x 120mm x 3mm give it a solid and elegant look.

You can select from a range of 15 colours for the pergola frame. Free standing or Wall fixed options.

STRAIGHT LINES THAT CONNECT WITH URBAN SPACES AND  
MINIMALIST ARCHITECTURAL STYLES.

## Llaza Monobloc 350 Awning Range

### SIMPLICITY AND STYLE

- This is an awning from the invisible arm range featuring the Monobloc system, a self-bearing square bar which enables the awning to cover large areas simply and effectively.
- Lacquer in accordance with QUALICOAT standards
- Stainless steel screws and bolts
- The system is made primarily out of aluminium, which is used in the frame of the awning. Aluminium provides strength, has a long lifespan and is easy to use.
- LLAZA systems are manufactured with top quality materials and are the result of significant research and development efforts
- Llaza awnings are supplied unskinned. We stock a range of acrylic canvases in plains and stripes as well as outdoor mesh suitable for awning applications.
- Skinning service available.

### Configurations

Our 2 arm Llaza Monobloc 350 is suitable for an up to 4 metre to 5.8 metre width awning. The options are:

- White, Silver or Black
- Motorised or Manual
- Wall or Ceiling/Soffit Mounted
- 2m, 2.5m, 3m or 3.5m arms

- LLAZA-ART SYSTEM arms provide optimal internal transmission of tension.
- Flat, flexible belt which makes the awning stronger, more resistant, more durable and more aesthetically pleasing than traditional transmission systems.
- The pieces of the arms are assembled before they are sent off to be lacquered in order to protect the joints and to make them more pleasing to the eye.
- The shape of the arms and their configuration when mounted helps to keep the fabric from rubbing on the elbow joints when the awning is opened or closed.
- The use of a belt keeps the lacquer on the arms from being rubbed off as commonly happens with cable and chain systems.
- Under normal use the arms will exceed 60,000 operational cycles

## Llaza Modulbox

Compact and modern design. Different configurations within the same model adapt it to the needs of each installation.

2 models to choose from..

**Full Box** - this model features a full cassette box which provides protection for the awning fabric and the arms when closed and a streamlined profile. Recessed brackets enable a close fit to the building.

**Open** - this model is a simple cost effective lateral arm awning. An optional pelmet is also available to assist with fabric protection. Pitch control as standard allows the adjustment of the pitch from 0 - 45 degrees to maximise the shade protection.

- Available in White and Anthracite.
- Motorised or Manual.

LLAZA-ART SYSTEM arms provide optimal internal transmission of tension.

- Flat, flexible belt which makes the awning stronger, more resistant, more durable and more aesthetically pleasing than traditional transmission systems.
- The pieces of the arms are assembled before they are sent off to be lacquered in order to protect the joints and to make them more pleasing to the eye.
- The shape of the arms and their configuration when mounted helps to keep the fabric from rubbing on the elbow joints when the awning is opened or closed.
- The use of a belt keeps the lacquer on the arms from being rubbed off as commonly happens with cable and chain systems.
- Under normal use the arms will exceed 60,000 operational cycles.

## Llaza Microbox 300

SMALL IN SIZE, BIG IN SOLUTIONS

- This is a self-protecting awning whose structure makes it ideal for installation on windows.
- The self-protecting system helps keep the fabric in perfect condition.
- Designed to perfectly integrate the awning with the facade it is mounted on.
- Llaza awnings are supplied unskinned. We stock a range of acrylic canvases in plains and stripes as well as Recscreen outdoor mesh suitable for awning applications.
- Available in White with arm lengths of 800mm, 1000mm and 1200mm, Black with 1000mm arms
- Width can be up to 5 metres.
- Skinning service available.

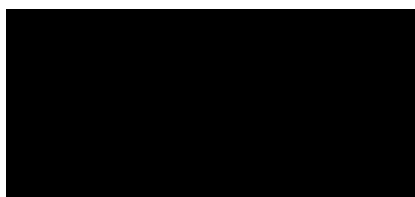

## MARINE CANVAS

- New Zealand's marine environment has played a key role in defining the cultural and economic development of our nation. New Zealand has a significant fishing industry, and for many New Zealanders the marine environment is a place of relaxation and recreation. New Zealand's marine environment is more than 20 times larger than it's landmass, it's exposure and close proximity to the Ozone layer creates one of the harshest climatic conditions in the world. Reid and Twiname have been supplying reliable products that have stood the test of time for decades. Proven brands like Recasens Canvas, Oceans Vinyl and TopTarp PVC to name just a few.

## Bradmill Superstop 12oz

CVBSS12\_ \_

- Medium weight tarpaulin fabric. Features high tenacity corespun yarns in groups of three that are genuinely Ripstop® woven over a polyester cotton blended body structure.
- In addition to the high tear strength, the canvas has an XLP finish, which imparts excellent water and rot proofing properties.
- Suitable for medium duty road transport tarpaulins, ute covers and hire tarpaulins and other high strength low cost applications.
- Finish XLP Pigment coloured, waterproofed and rot proofed.
- Fibre Content Body 52% polyester, 48% cotton.  
Ripstop® Cotton/polyester (high tenacity) corespun.
- Weave Plain weave with 3 corespun yarns woven as Ripstop® every 21 mm in warp and weft.
- Mass Loomstate: 415 g/m<sup>2</sup> (12.2 oz/yd<sup>2</sup>) Nominal  
Proofed: 510 g/m<sup>2</sup> (15.0 oz/yd<sup>2</sup>)
- Width 200 cm
- Roll Length 50 m

### Typical Performance

Breaking Force (N) AS2001.2.3A Warp 2300 Weft 2000

Tearing Force (N) AS2001.2.10\* Warp 380 Weft 280

\*Modified test that averages results of five Ripstop® peaks

### Water Resistance

## Stirling Cut Pile Carpet

- Suitable for car, truck, van and ute interiors. Nylon fibre with polyethylene backing.
- Made from European yarn.
- Commonly referred to as Cut pile, our Plush Pile is manufactured so that there are no loops, therefore creating a feel that is soft and luscious in appearance. Plush Pile is generally used in most vehicles from the mid 1980's to the present day. Plush uses a similar construction process to Loop pile but with a much higher yarn density of 750 grams per square meter.

### Products in the range

Black CPCP10BK

Brown CPCP10BN

Charcoal CPCP10CC

Grey CPCP10GY

Red CPCP10RD

Tan CPCP10TN

## Stirling Loop Pile Carpet Black

CPLPBK

- Suitable for car, truck, van and ute interiors. Nylon fibre with polyethylene backing. Made from European yarn.
- 1300gsm.
- Our loop pile offers a simple but affluent appearance while also providing durability and permanence. This style of carpet was most commonly used in vehicles from the 1960's up until the mid-1980's.

## Car Carpet Kits

- Moulded Car Carpets Front and Rear plus Complete Moulded Carpet Kits.
- An extensive range of standard and non standard kits in a range of 12 colours in both loop and plush pile.
- Only available on indent

### Colour Range

## Pacific Marine Carpet

- Marine grade heavy duty non slip polypropylene carpet with a resin backing.
- UV resistant to withstand harsh outdoor conditions.
- Suitable for use on boat decks, pontoons, outdoor ramps and walkways as well as indoor/interior applications such as garages.
- 200cm wide

### Products in the range

Slate Ribbed CPPRSL

Slate Plush CPPPSL

## Aqua-Tranz™ Flooring and Lining

- Needle punched velour. High quality 100% polyester. High UV stability.

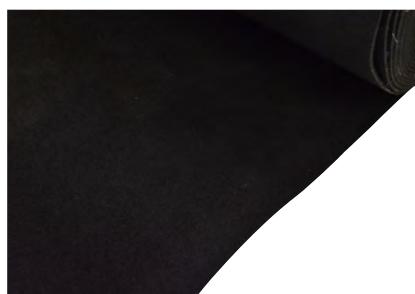

### Unbacked Soft

- 200cm x 25m, 500gsm marine and commercial wall liner.
- Used for hull lining, van wall lining, boot lining and bus luggage compartments.

### Backed Firm

- 200cm x 25m, 580gsm marine and commercial floor lining.
- Melded with a firm backing. Used for marine flooring, automotive flooring and outdoor applications.

### Products in the range

Black Unbacked CPVUBK  
Black Backed CPVBBK

Charcoal Unbacked CPVUCC

Platinum Unbacked CPVUPM

Grey Unbacked CPVUGY  
Grey Backed CPVBGY

Ash Unbacked CPVUAH

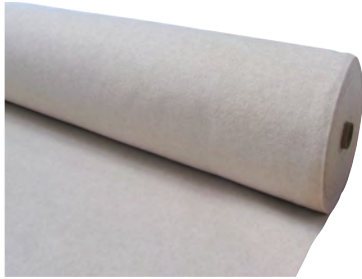

Sand Unbacked CPVUSS

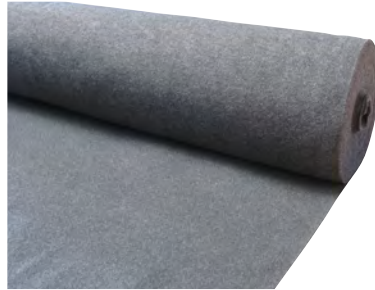

## Caribbean™ Hull Liner

- 200cm x 25m, 450g/m2 non-woven, polyester, low profile velour liner.
- Used for marine interior lining, parcel shelves, headlining.
- Needle punched, melded, and UV treated, this moisture and UV resistant liner helps to prevent the growth of mildew and mould, contributes to noise reduction, and is highly resistant to abrasion.

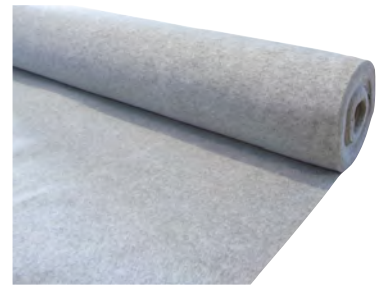

### Products in the range

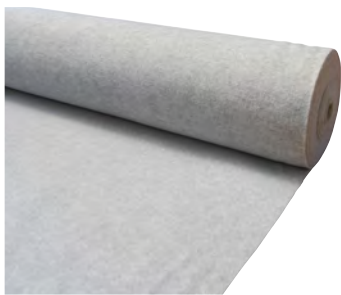

Sand CPCHLSS

Graphite CPCHLGT

Storm CPCHLSM

Dusk CPCHLDK

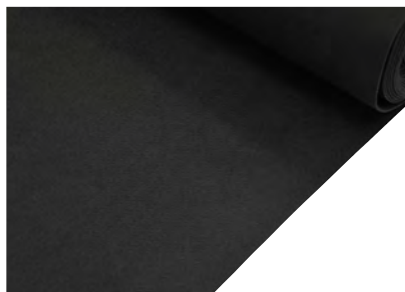

## Boston Bootliner and Trunkliner

- Bootliner - Flexible lightweight polyester 280gsm fabric for lining boots or vehicle compartments.
- Trunkliner - Polyester 360gsm fabric used for lining parcel trays, trunks, car boots, and luggage compartments.
- 200cm width. Approx 50m roll.

### Products in the range

Bootliner Charcoal CPBBLCC

Trunkliner Black CPBTLBK

## Ribbed Wall Liner - Charcoal

CPVRCC

- 200cm x 25m, 400gsm Polyester marine transport and commercial fine rib lining. Suitable for boats, cars, vans and bus and coach. Also suitable for office/partition walls.
- 5 year warranty.

## Boston Polyfelt

MGPFBK

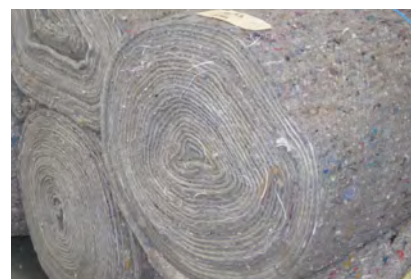

- Vinyl covered jute felt. Suitable for car boot and trunk lining.
- 140cm Black Matting 20m Roll

## Underfelt

FLA1

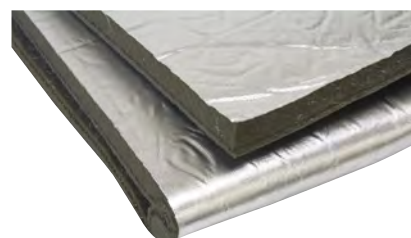

- Made from recycled fibres with a polyester binder. Used in furniture spring & arm covering, carpet underlay, sound deadening, panel lining for anti drumming.
- Weight 800gsm. 1.83m wide, 25 metre rolls. Thickness a nominal 10mm.

## Acoustop Multigrade Noise Insulation

AMABW4

- 2.2m x 1.3m Sheet.
- Foil faced, fire tested noise barrier. Total thickness 32mm. Ideal for coach or boat engine compartment lining. Combines the benefits of a high performance flexible noise barrier and acoustic foam to achieve maximum noise reduction from an enclosure. Offers 45% more perceivable noise reduction than plain foam.
- Manufactured as an easily installed composite lining, it allows for simple application into small and difficult to line spaces. Low maintenance Bonded Foil facing provides a robust surface finish, ensuring protection from damage and giving maximum AS1530 Part 3 Early Fire Hazard properties.

## Sound Barrier Decidamp CLD PRO

AMAPRO

- 500mm x 1000mm x 1.5mm
- A constrained layer, visco-elastic damping material, designed to reduce structural vibration and sound transmission within light gauge materials. Decidamp CLD PRO was developed to meet market noise reduction requirements in the automotive, industrial and OEM markets.
- Lightweight and easy to handle. Easy to install, high tack self-adhesive backing. Remains flexible and does not become brittle. Resistant to weather and UV light.

## Delfast Staples 80 Series Stainless Steel

SP80SS\_

- Stainless Steel Staples. Crown width 12.9mm, Wire size 0.6 x 0.95mm, 21 gauge. Box of 5000
- Suitable for Motor Trimming industries.

### Products in the range

SP80SS4 4mm

SP80SS6 6mm

SP80SS8 8mm

SP80SS10 10mm

SP80SS12 12mm

## Delfast Staples 80 Series Galvanised

SP80G\_

- Galvanised Staples. Crown width 12.9mm, Wire size 0.6 x 0.95mm, 21 gauge. Box of 10,000.
- Suitable for Motor Trimming industries.

### Products in the range

SP80G4 4mm

SP80G6 6mm

SP80G8 8mm

SP80G12 12mm

SP80G14 14mm

## Delfast Staple Air Gun 80 Series

SPAG80

- Top quality stapler with bottom loading magazine. Perfect balance and lightweight.
- Suitable for marine upholstery and motor trimming industries.

## Kai Tailors Shears Right Handed

TLTS8135\_

- Mundial forged steel shears, nickel plated. Classic style.

### Products in the range

TLTS813509 9" Classic Style

TLTS813510 10" Classic Style

TLTS813412 12" Tapered Style

## Hog Rings

HOGR02

- 20mm x 2mm 2.27kg Box
- Used for attaching vinyl or fabric to a seat frame.

## Hog Ring Pliers

TLHGXX

- Straight 1440-AC with closing spring.

## Stayput™ Spin Cut Tool

TLSC\_

- Designed to spin and cut holes in fabric or webbing. It is simply attached to a battery drill. Ideal for on site use. Comes complete with nylon cutting board.

### Products in the range

9.5mm TLSC9 Suits SP4 eyelets.

6mm TLSC6 Suits shockcord loops, marquee hooks and rope track slides.

## Stayput™ Spin Cut Tool Kit - 7 Piece

TLSCTKIT

- The seven sizes of Stayput Spin Cut Tools available are 4mm, 5mm, 6mm, 9.5mm, 11mm, 13mm and 16mm. These sizes match the holes required by the Stayput® Press Clip (5mm), Shock Cord Loops, Marquee Hooks, Rope Track Slides and Canvas to Canvas (6mm or 1/4"). The 4mm suits metal press studs/durables, and the 9.5, 11, 13 and 16mm suit #4, #6, #7, #9 eyelets.

## Silicone Star

SIS500

- 500ml Aerosol.
- Multi use silicone spray. Lubricates and protects. Odourless, clear film.

## Bradmill Brellaguard®

WSBBG\_ \_

- Water-based waterproofing treatment that repels dirt, grease, water and oil on most textile products including acrylic canvas.
- When applied to fabric surfaces the active ingredients in Brellaguard® function at a 'nano' level by reshaping and crystallising with dendrimers (star shaped polymers) to form an impenetrable shield.
- Suitable for awnings, rainwear, sportswear, foot wear. Not recommended for use on vinyl, plastics, rubber or imitation suede.
- Coverage: 1 litre will cover aprox. 10sqm

### Products in the range

WSBBG05 5 Litre

WSBBG750 750ml spray bottle

## Bradmill Water Based Bradproof™

WSBCPWP\_ \_

- Waterproofing product for reproofing of Polycotton canvas products.
- Water-based treatment that will restore a water repellent finish and inhibit mildew growth on used canvas goods. Do not apply to new canvas - it is unnecessary and may lead to impairment of appearance.
- Depending on fabric weight, 1 litre will treat approximately 6 m2 (underside only) or 3 m2 (if both sides of fabric are treated)

### Products in the range

## VELCRO® Brand Standard Tape

FAVS\_ \_

- The perfect nylon fastener to sew on to any fabric by hand or machine. Can also be rivetted, screwed, nailed or stapled. Rust and jam-free it will out perform and outlast traditional fasteners.

Available in

25mm Black White  
38mm Black, White  
50mm Black, White  
100mm Black and White  
25m rolls Black, White and Beige

## VELCRO® Brand Pressure Sensitive Tape

FAVP\_ \_

- Pressure sensitive acrylic self adhesive with superior bond strength and high temperature performance. 25m roll.

Available in

20mm Black and White  
25mm Black and White  
50mm Black and White

## VELCRO® Brand Pressure Sensitive Outdoor Tape

FAVODP\_ \_

- Pressure sensitive rubber self adhesive with superior bond strength and high temperature performance. 25m rolls.

Available in Black 25mm

## VELCRO® Brand Industrial MVA8 Tape

FAVMVA8\_ \_

- Heavy duty moulded hook tape that has very high strength and is suitable for applications requiring a more permanent fixing. MVA8 hook is a moulded nylon hook with an arrowhead design. RF weldable. Operating temperature -40° to 121°C. Substrates ABS, acrylic, PE, PP.

Available in Black 25mm Moulded Standard and Moulded Pressure Sensitive hook

## VELCRO® Brand Auto-Loop 38mm White

FAVSAL38WT

- Specifically designed for use on a vehicle where the hook component is bonded to the seat.
- 91.44m roll

## VELCRO® Brand Heat and Solvent Activated Tape

FAVH50WT

- Ultimate bond strength for permanent bonding applications. Moisture resistant. Activated by using acetone, MEK or heat.

Available in White 50mm Hook only.

## VELCRO® Brand ONE-WRAP® Straps

FAVOWS20BK

- This simple wrap around fastener can be used hundreds of times and is highly adjustable, with secure closure every time. There are no buckles to get in the way and cause damage.
- Used for cable ties, pipe hangers, hose tidies and much more.
- 200mm x 12mm x 20mm. 100 straps per roll.

## VELCRO® Brand ONE-WRAP® Continuous

FAVOWC\_ \_

- Continuous doublesided Hook and Loop. ONE-WRAP® brand back to back fastening system features a polyethylene hook flame laminated to a nylon loop. Re-usable and infinitely adjustable, ONE-WRAP® brand tape can be used for any size circumference and easily cut to length.

Available in Black 19mm, 25mm and 50mm. 20m roll

## Sew On Texilon® Tape

FATS\_ \_

Not suitable for use in exterior applications. 25m rolls

20mm Black and White Hook and Loop

25mm Black and White Hook and Loop

50mm Black and White Hook and Loop

## Texilon® Pressure Sensitive Tape

FATP\_ \_

- Not suitable for use in exterior applications. 25m roll.

## Recasens Panama 900

PVRP9\_ \_

- With an acrylic lacquer coated finish on both sides it is suitable for curtain sides and heavy duty PVC covers.
- Total Weight 900 g/m<sup>2</sup>.
- Base Cloth 1000 Denier Polyester, Panama weave
- Tensile Strength Warp 3991N / 5 cm. Weft:3490N / 5 cm.
- Tear Strength Warp 990N. Weft 598 N.
- Treatment antiputrefactive Yes.
- Weave Surface Coating Acrylic lacquer finish both sides
- Width 300 cm.
- Adhesion 19N / 5 cm.
- Temperature Resistance -30°C to + 70°C.
- UV Warranty 3 years

## ReClear PVC

- We stock a range of clear PVC suitable for auto top windows

### Products in the range

#### ReClear Achilles

##### PVKDS75 ReClear Achilles Dimensionally Stable PVC 0.75 137mm wide 30m roll

- Clear PVC manufactured using a calendared process. This dimensionally stable product reduces the need to leave overnight before manufacturing and will reduce the variances in stability in variable temperatures.

#### ReClear Achilles Roll Clear SLS PVC

- Clear PVC manufactured using a calendared process. An additive facilitates easy rolling and unrolling of the product. UV stabilised.

PVKRC50 0.5mm 137cm width 25m roll

PVKRC75 0.75mm 137cm width 25m roll

PVKRC7535 0.75mm 137cm width 35m roll

##### ReClear Nan Ya Fire Retardant PVC PVNYC70FR 0.7mm 150cm 30m roll

##### ReClear Achilles Extruded Clear PVC PVKEC1 1.00mm 137cm 20m roll

- Manufactured using an extruded process. Used for heavy duty marine cover windows, sports car hoods.

## Solid Plastic Piping Cord Black

CDSP3

- 3mm x 200m rolls.

## Polypropylene Cord Black

## Shockcord

SH\_ \_

- NZ made and designed to be long lasting and maintain >100% stretch and recovery, Prout Shockcord uses only the highest quality pure latex rubber. The outer cover is braided with colourfast polyester to provide superior protection against abrasion and NZ's harsh UV.
- It has a two component construction with an extremely tough woven outer sheath covering a multi-strand rubber core. The cord is light-weight, strong, wear-resistant and long lasting. All of our shock cord is capable of 100% (+/- 10%) elongation.
- Ideal for light-weight luggage straps, luggage nets, tie downs for tarpaulins, car/boat/trailer covers etc. Widely used on ute covers, garden/outdoor furniture and on canoes, kayaks and other small boats.

## Coats Dabond Polyester Thread

- Demonstrating superior sewing performance, new Dabond Outdoor has been specifically designed for outdoor life. Ideal for manufacturing sails and countless other outdoor and marine applications, it is a bonded, twisted continuous filament polyester thread.
- Unlike conventional polyester bonded threads, it has exceptional bond cohesion, giving it excellent sewing properties in the toughest conditions. It is completely colourfast, with excellent UV, vinyl, abrasion and chemical protection – particularly relevant in a COVID-affected world where stringent cleaning processes have become the norm.

## Coats Corespun Poly/Cotton 2500m

TRPCM\_ \_

- Suitable for marine squab applications and still used by some of the trade for boat covers to give that extra water resistance, achieved due to the cotton expanding when exposed to moisture.
- Coats Terko Satin is a cotton wrapped polyester corespun thread with a glaze finish. This thread combines the excellent sewing performance of cotton with the superior strength and elongation characteristics of continuous filament polyester.
- The cotton wrap protects the polyester core from needle heat even in the most demanding of applications. The glaze finish binds together the fibrous surface of the thread and creates a lustrous finish with enhanced abrasion resistance. In wet, outdoor conditions the cotton wrap absorbs the water and swells to fill the needle holes to prevent leakage.

- Width: 137 cm.
- Thickness: 1.1mm
- Weight: 652gsm
- Roll Length: 30 metres (nominal).
- Backing: Polyester/Cotton
- Warranty: Two year warranty against de-lamination/cracking.
- UV Stabilised: Prevents cracking and wear from the sun's damaging rays. Colourfastness to light: AS1441.11
- Abrasion Resistance: Wyzenbeck:AS2001.2.30 50,000+ cycles
- Flame Retardency: Tested to AS1530.3 Ignitability Index 16, Heat Evolved Index 0, Spread of Flame Index 0, Smoke Developed Index 5
- Meets the International Maritime Organisation test standards for FR. A.652(16)
- Smouldering cigarette will not ignite upholstery material – Passes cigarette burn test: AS3744.1
- Bio-Pruf™ treated. Built in protection from microbial and fungal attack and the staining, odours and structural degradation that can accompany it.
- The Permashield® coating protects the upholstery surface as well as offering a unique 'anti graffiti' finish which helps control stubborn stains and graffiti.
- Warranty: Two year warranty against de-lamination/cracking.

## Webtex® Polyester Pack Webbing 25mm Black

WETPYP25BK

- Medium weight polyester designed for back packs and bags The tow yarn construction provides a better grip on buckles. 600 kg tensile strength
- 50m roll

## Webtex® Textured Polyester Tape

WETPY\_ \_

- A cost effective tape designed for reinforcing in industrial clothing and apron ties.

### Products in the range

Black 12mm x 300m WETPY12BK

Black 19mm x 200m WETPY19BK

White 12mm x 200m WETPY12WT

## Webtex® Nylon Twill Tape

WETPYT\_ \_

- A strong lightweight twill tape suitable for reinforcing, binding and tent peg loops.

### Products in the range

Black 19mm x 100m WETPYT19BK

Black 25mm x 100m WETPYT25BK

## Bow Tape

BIBT

- 32mm x 50m.
- Folded calico tape. For sewing into headlining panels to carry bows for headlining, also for attaching vehicle seat covers to seat frames.

## Furniture Elastic 50mm

ELWEB450

- Gold grade, 50m rolls

## Brace Woven Elastic Black

ELBC25BK

- 25mm x 50m Roll

## Jute Webbing

WEWJ630

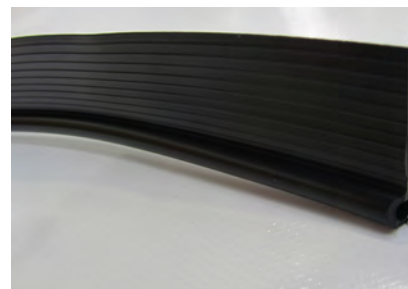

- For use in furniture upholstery and bed slat spacing.
- 50mm x 30m. Sold by the roll

## Fender Welt Black

FENDBK

- 1 1/2" Tail and 1/4" rounded. Otherwise known as mud guard piping.
- 50m rolls

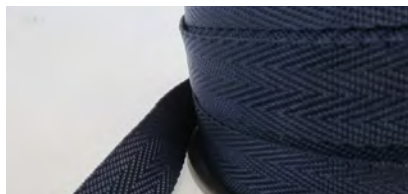

## Webtex® UV Elite Polypropylene Binding

WEWPPB25\_ \_

- UV treated dope dyed yarn. 100 Denier 2/2 herring bone twill.
- A high performance UV stabilised polypropylene webbing made from European colour pigmented yarn specifically treated for NZ's harsh UV environment.
- Used for awnings, bags, marine and automotive trimming.
- 100m spool.

Black 25mm WEWPPB25BK

Sand 25mm WEWPPB25SD

White 25mm WEWPPB25WT

Silver 25mm WEWPPB25SL

Black/Silver 25mm  
WEWPPB25BKSL

### Other products in the range

- Dope dyed yarn. Used for awnings, bags and automotive trimming. Not recommended for long term outdoor exposure.

19mm Black WEWPPB19BK

32mm Black WEWPPB32BK

38mm Black WEWPPB38BK

## Stayfast Binding Black 100m Roll

BIASFBK

- A double fold acrylic binding specially made to be used with Stayfast topping

## Single Fold Vinyl Bias Binding

BISF\_\_

- 32mm 100m roll.
- One edge folded & glued at 6mm.
- Used for edging carpets, awnings, boat covers and bags.

### Products in the range

Black BISFBK

White BISFWT

## Hidem Binding 16mm Black 50m Roll

BIHBK

- Double beaded in leatherette. Used for finishing seat joints, headlining joins, convertible tops on vintage or classic cars.

## ReZip 3 Coil Continuous Zip 200m

ZCC3\_ \_

- An upholstery zip with wider than normal tape to aid in sewing. Used principally for cushions and squabs

### Products in the range

Beige ZCC3BG

Black ZCC3BK

## 3 Coil Sliders 100 Pack

ZSCC3\_ \_

- Traditionally used in the furniture industry, Short tag.

### Products in the range

ZSCC3BGSSAL Auto Lock Single Beige

ZSCC3BKSSAL Auto Lock Single Black

ZSCC3NPSSPL Pin Lock Single Nickel Plated

## ReZip UV 5 Coil Continuous Zip 100m

ZCC5BK

- UV treated to better resist damage from ultraviolet rays.
- Standard width zipping suited for bags, upholstery and marine squabs.

## 5 Coil Sliders 50 Pack

ZSCC5\_ \_

- Suitable for use in the upholstery industry and for bags and satchels.
- Short tag

### Products in the range

ZSCC5BKSLNL Non Lock Single Black

ZSCC5BKSSAL Auto Lock Single Black

ZSCC5NPSLNL Non Lock Single Nickel Plated

ZSCC5XPBKSLNL Plastic Black

## ReZip UV 10 Coil Continuous Zip 100m

ZCC10BK

- Strongest zip available ideal for tents and awnings and especially suited for applications with curves.
- UV treated to better resist damage from ultraviolet rays. Ideal for marine, tents and awnings and especially suited for applications with curves

## 10 Coil Open Ended Zip

ZOEC10\_ \_

- Non locking, double, long tag, nickel plated.

### Products in the range

ZOEC10250BK 250cm Black

ZOEC10183BK 183cm Black

## 10 Coil Sliders Non Lock

ZSCC10\_ \_

- Long tag.

### Products in the range

ZSCC10NPSLNL Single Nickel Plated 50 Pack

ZSCC10XPSLNL Plastic Single Black 50 Pack

ZSCC10NPDNL Double Nickel Plated 25 Pack

ZSCC10XPDLNL Double Plastic Black 25 Pack

## Lenzip Molded 10 Continuous Zip

ZCM10\_ \_

- Heavy duty molded zip. Ideal for marine applications and sports equipment.

### Products in the range

ZCM10BK50 Black 50m

ZCM10BK Black 100m

## Lenzip Molded 10 Open Ended Zip

ZOEM10\_ \_

- Single sliders

ZSCM10BKSLAL Single Black 25 Pack

ZSCM10NPSLNL Single Nickel Plated 25 Pack

ZSCM10BKDLAL Double Black 25 Pack

ZSCM10NPDLNL Double Nickel Plated 25 Pack

## Lenzip Rain Defyer 10 Coil Continuous Zip

ZCWR10BK

- Water Resistant. Polyurethane coating provides an effective moisture resistant barrier. Strong, flexible coil teeth, rugged durability. UV resistant.
- To be used with Stainless Steel sliders
- 100m roll.

## Lenzip Water Resistant #10 Slider Double Nickel Plated

ZSCWR10NPDNL

- 25 pack

## Lenzip 10 Coil Non Lock Stainless Steel Sliders

ZSCC10SSSLNL

- Marine grade non corrosive 316 stainless steel.
- Sold singly

## Metal Lashing Hooks

RPHM\_

- 25 pack

### Products in the range

Small (for 4 - 7mm rope or shockcord) RPHM1

Large (for 8 - 10mm rope or shockcord) RPHM2

## Stainless Steel Saddle

AWSSSD

- 55mm x 22mm
- 304 Stainless Saddle Designed to work with SS Round eye Swivel Hook for drop screens.
- 25 pack

## Stainless Steel Round Eye Swivel Hook

AWSSSH

- 316 Stainless Swivel Hook designed to work with SS Saddle for drop screens.
- 25 pack

## Stainless Steel 2 Part Tie Down 25mm

MECSSTD

- Surface mount
- Saddle 55 x 19mm
- Dee 45 x 35mm (25mm ID)

## Pull Ring Stainless Steel

RPSSPR

- Designed for wheel chair ramps.
- 66 x 56mm.
- Recess 12mm.
- Anti Rattle.

## Lashing Ring with Plastic Base

RPLRRBSS

- Plastic base with zinc plated dee ring.
- Approx load rating 250kg.
- Diameter = 102mm. Height = 12mm. Loop width = 50mm.

## Lashing Ring Small Single Recessed

RPLRRS

- Zinc plated.
- Dimensions - 102mm x 95mm. Hole Size - 74mm x 79mm. Recess - 20mm. Cut Out - 72mm x 72mm. With Spring.

## Lashing Ring Stainless Steel Small Single Recessed

RPLRSSRS

- Dimensions - 102mm x 95mm. Hole Size - 74mm x 79mm. Recess - 25mm. With Spring.

## Lashing Ring Large Single Recessed

RPLRR

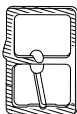

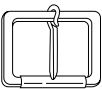

- Zinc plated.
- Dimensions - 125mm x 115mm. Cut Out Size - 78mm x 84mm. Recess - 25mm.
- Fixing should comply with the heavy vehicle load code.

Please note that our consumables charts are available as A3 Wall Posters please give us a call if you would like one.
