Door Seal 6319
Black - WN6319

Door Seal 6320
Black - WN6320

Sold in 5m lengths
or 50m rolls.

Under Door Lock *special*

Benefits are uninterrupted advertising for door. The base for this lock fits to the bottom of the rear frame of a truck body with the handle fitting to an 18mm rod that runs up internally through to the top of the door where a cam is fitted. A surface mounted keeper is attached to the frame of the body above the door. These locks can be used on the side of a body also enabling the full skin of a door to be used for advertising without interruption from external locks or recessed pans.
