Proudly New Zealand owned since 1923

NEW

T Lock Fastener

- The T Lock consists of three 100% corrosion free nylon composite parts, a Cap, a Key and a Base.
- The Cap and Key are designed to be permanently installed through a Carr Fastener SP4 eyelet.
- All that remains when the cover is removed is a flat unobtrusive base (low 5mm profile) less likely to get knocked or broken like traditional fasteners.
- Available in Black and White. Components sold separately in packs of 25, meaning you can utilise a different colour for the cap and base to suit.

Superdux® 10-300

- 8oz 200cm wide.
- Available in Beige, Charcoal, Dark Green, Grey and Navy.
- Polyester/cotton tenting and general purpose lightweight canvas.
- Constructed of a Combed ring spun yarn which are more durable than standard yarns. Products made with ring spun yarns have a smoother, finer texture and suffer from less fibre shedding.
