With daylight saving now over for another six months we have a few product specials that will hopefully lighten up your day.

For those of you that know Noel, our long serving Auckland based customer services representative, he and his partner Brigid have embarked on another of their overseas adventures, touring around on their motor bikes. Noel will be away until August, meantime our remaining customer services team of three in Auckland and two in Christchurch are ready to assist.

Bip Screen

The Bip Screen 500 is the latest generation of vertical awnings. The Bip system patented by Llaza - ensures that the fabric stays in the side guides. It uses clippable guides so no screws or rivets are visible. This range of awnings offer the following options

- Mill finish
- Motorised or Manual
- Up to 5 metre width

ReClear PVCs and RecScreen Mesh

These are ideal for use with the Bip Screen.

The **ReClear Range** includes various thicknesses and options such as fire retardant, easy roll and dimensionally stable.

Our **RecScreen** range has 10 colourways, and comes with a 5 year warranty.

Specials
