We are happy to welcome to the R&T team Joseph Lilleyman. Joseph has joined us as Warehouse Manager in our Auckland warehouse and has a wealth of experience in warehousing and logistics. His appointment is part of our ongoing drive for greater efficiency in our warehouse operations and to ensure we continue to improve the service provided to our customers. Joseph has already set some challenging but achievable goals for his warehouse team.

## Manfeild Polyester Trim Fabric - Pebble Weave

Manfeild is primarily used for seat inserts in both private and commercial vehicles. It can also be used for fabricating removable seat covers.

## VELCRO® Brand Auto-Loop 38mm White

Specifically designed for use on a vehicle where the hook component is bonded to the seat.

Seat assembly with VELCRO® Brand fasteners is more cost-effective than with ring-and-wire or adhesives. They also reduce scrap and rework, while giving you more design flexibility. That's why hook-and loop is so widely used to secure seat trim covers and, increasingly, for armrests and headrests, too.
