Whatever you're about.

Shockcord

8mm x 100m Black Roll Only

Designed to be long lasting and maintain >100% stretch and recovery, this Shockcord uses only the highest quality pure latex rubber. The outer cover is braided with colourfast polyester to provide superior protection against abrasion and NZ's harsh UV.

Particularly suitable for tarpaulin/soft cover tie-downs for trailers, pick-ups, roof-racks, boats, trampolines and garden furniture etc. It can be used to make specific length bungee/luggage straps, tie-downs or luggage nets.

FMTB10

Slikfit

Slikfit is a buttonless tonneau system which eliminates the need for rivets along the side of the vehicle body.

With relative ease of installation, Slikfit gives any ute a Tonneau with a high class look. 3 part system.

UTSF__

Polypropylene Binding

Made from UV treated dope dyed yarn. 1000 Denier 2/2 herring bone twill. Used for awnings, bags, marine and automotive trimming. A high performance UV stabilised polypropylene webbing made from European colour pigmented yarn specifically treated for NZ's harsh UV environment.

Sold by the 100m roll.

WEWPPB25__

T-Locks

The T Lock fastener consists of three 100% corrosion free nylon composite parts. A Cap, a Screw and a Base. All that remains when the cover is removed is a flat unobtrusive base (low 5mm profile) less likely to get knocked or broken like traditional fasteners. The base should be fixed using a 6 gauge screw or a 3mm rivet.

Available in Black and White. 3 parts sold separately.
