Forte™ Sports Topping

PVC based convertible topping product line. The 100% solution dyed black polyester backing mimics the look, feel, elongation and bonding properties of cotton, without the characteristic tenderization and loss of strength over time that is typically associated with cotton backings. This new polyester backing also imparts superior tear resistance and dimensional stability. 152cm wide.

TPBST152

Tenax Fasteners

These fasteners are self locking and cannot come undone once engaged on its peg unless subjected to extreme force. A quick release is accomplished simply by pinching the head of the Tenax button. All Tenax components are non rustable, being made from non-ferrous materials (brass) which are nickel-plated.

For over 70 years Tenax fasteners have been used in some of the most demanding applications such as Aircraft, Motor, Marine and Coach industries.

The 3 components of button, nut and woodscrew peg are sold separately.

Stayput™ Spin Cut Tool

Designed to spin and cut holes in fabric or webbing. It is simply attached to a battery drill. Ideal for on site use. Comes complete with nylon cutting board.

- 9mm Suits SP4 eyelets.
TLSC9

Industrial MVA8 PS Moulded Hook

Heavy duty pressure sensitive (adhesive backed) moulded hook tape that has very high strength and is suitable for applications requiring a more permanent fixing. MVA8 hook is a moulded nylon hook with an arrowhead design.

A moulded nylon hook tape can be mated with woven nylon or polyester loop, forming a closure with almost twice the fastening strength of 'standard' woven nylon hook and loop. 25mm Black 20m roll.

FAVMVA8PS

Molded 10 Continuous Zip Black

Heavy duty molded zip. Ideal for marine applications and sports equipment. Supported by Lenzip's life of the garment warranty.

- Available in 100m and 50m rolls.

ZCM10BK / ZCM10BK50
